Group Overview

China National Building Material Group Co., Ltd. (CNBM) was founded through the merger of the China National Building Materials Group Corporation and China National Materials Group Corporation.

Having integrated its scientific research, manufacturing and logistics, CNBM is the largest manufacturer for building materials and an integrated service provider leading throughout the world. It has been listed in the Fortune Global 500 for nine consecutive years.

Total assets 600 billion yuan

Employees world +200,000

Sales 390 billion yuan

The largest comprehensive building materials industry group in the world:

- The Group can produce 400 million tons of cement clinker, 460 million m3 of ready-mix concrete, 2.47 billion m2 of plasterboard, 2.5 million tons of fiberglass, 31,500 pieces of GW-capacity wind turbine blades, ranking No.1 in the world.
- The No. 1 player in the international cement engineering market and international cogeneration market.
- CNBM is the largest ultra-high voltage electrical porcelain producer, fused cast refractory producer, ultra-thin electronic float glass producer, carbon fiber producer in China.
- CNBM takes possession of 26 national scientific research and design institutes, 38,000 scientific R&D and technical engineering employees, 33 national industrial quality inspection centers, more than 10,000 patents, 3 national key laboratories, 8 national engineering (technology) research centers and 18 national standardization technical committees.

CNBM

Our corporate mission

Materials create a better world

Opportunities to work with us

Wholesale And Distribution

Supply Chain Service For International Engineering Projects

Logistics And Warehousing

Invest in Industrial Preliminary Processing

Corporate Merger & Acquisition

Global 1st

Cement

The annual production capacity of cement and commercial concrete ranks 1st in the world.

Commercial Concrete

Global 1st

Gypsum

The annual production capacity is 2.47 billion square meters, ranking 1st in the world.

Board

Global 1st

Wind Turbine

The annual production capacity of megawatt-class wind turbine blades is 31,500, ranking 1st in the world.

Blades

Global 1st

Glass

The annual production capacity is 2.5M tons, ranking 1st in the world.

Fiber

China 1st

Carbon

Largest carbon fiber producer in China

Fiber

China 1st

Smart

Possess multiple product systems such as steel and PC

House

Company Background

China National Building Material Group FZE is a wholly-owned subsidiary of CNBM Overseas Economic Cooperation Limited, and is an significant part of the foreign trade comprehensive service platform of CNBM Group, the largest comprehensive building materials group form China. As an overseas marketing service center for CNBM's industrial products, it has a bonded warehouse of 52,000 square meters and was recognized as one of the first national public platforms for international marketing services in 2019.

Registration: 2004 (office)

Business model: overseas warehouse + self-operated trade + logistics and warehousing

Business segments: industrial goods trading, logistics services, warehousing services, etc.

Market coverage: Six Middle East Gulf countries and North African countries such as Algeria, Egypt, Djibouti, etc.

Service scope: online promotion (SinoPro.ae), showroom service, logistics and warehousing, inventory distribution, project gathering, market research, risk control, etc.

Team advantages: more than ten years of territorialization experience, professional sales team and logistics team.

Outdoor warehouse 26,000 square meters

Indoor warehouse 10500 square meters

Office building 1500 square meters

WOOD & PLYWOOD

Various sizes of construction grade white wood and plywood are always available

STEEL REBAR & STEEL STRUCTURE

"Made in UAE" Steel rebars with BS4449 certificate with competitive price

FAW TRUCK

The world No.1 truck brand. Win the Future, Together with FAW. We are FAW UAE agents

PASSENGER VEHICLES

Toyota, Nissan, Mercedes Benz, BMW

CONSTRUCTION EQUIPMENT & MACHINERY

Trade and service for the Chinese brand machineries

DIESEL & BASE OIL

We are currently supplying Diesel, Lubricant, and other oil product to GCC and African projects.

ADNOC sales agent (base oil, carbon black)

OIL FIELD EQUIPMENT

Downhole Tools, Completion Tools, Drilling Equipment, Petroleum Casing Pipe and so on.

**Weighting
Materials**

**Thinners,
Dispersants &
Deflocculants**

**Fluid loss

Oil based Mud additives

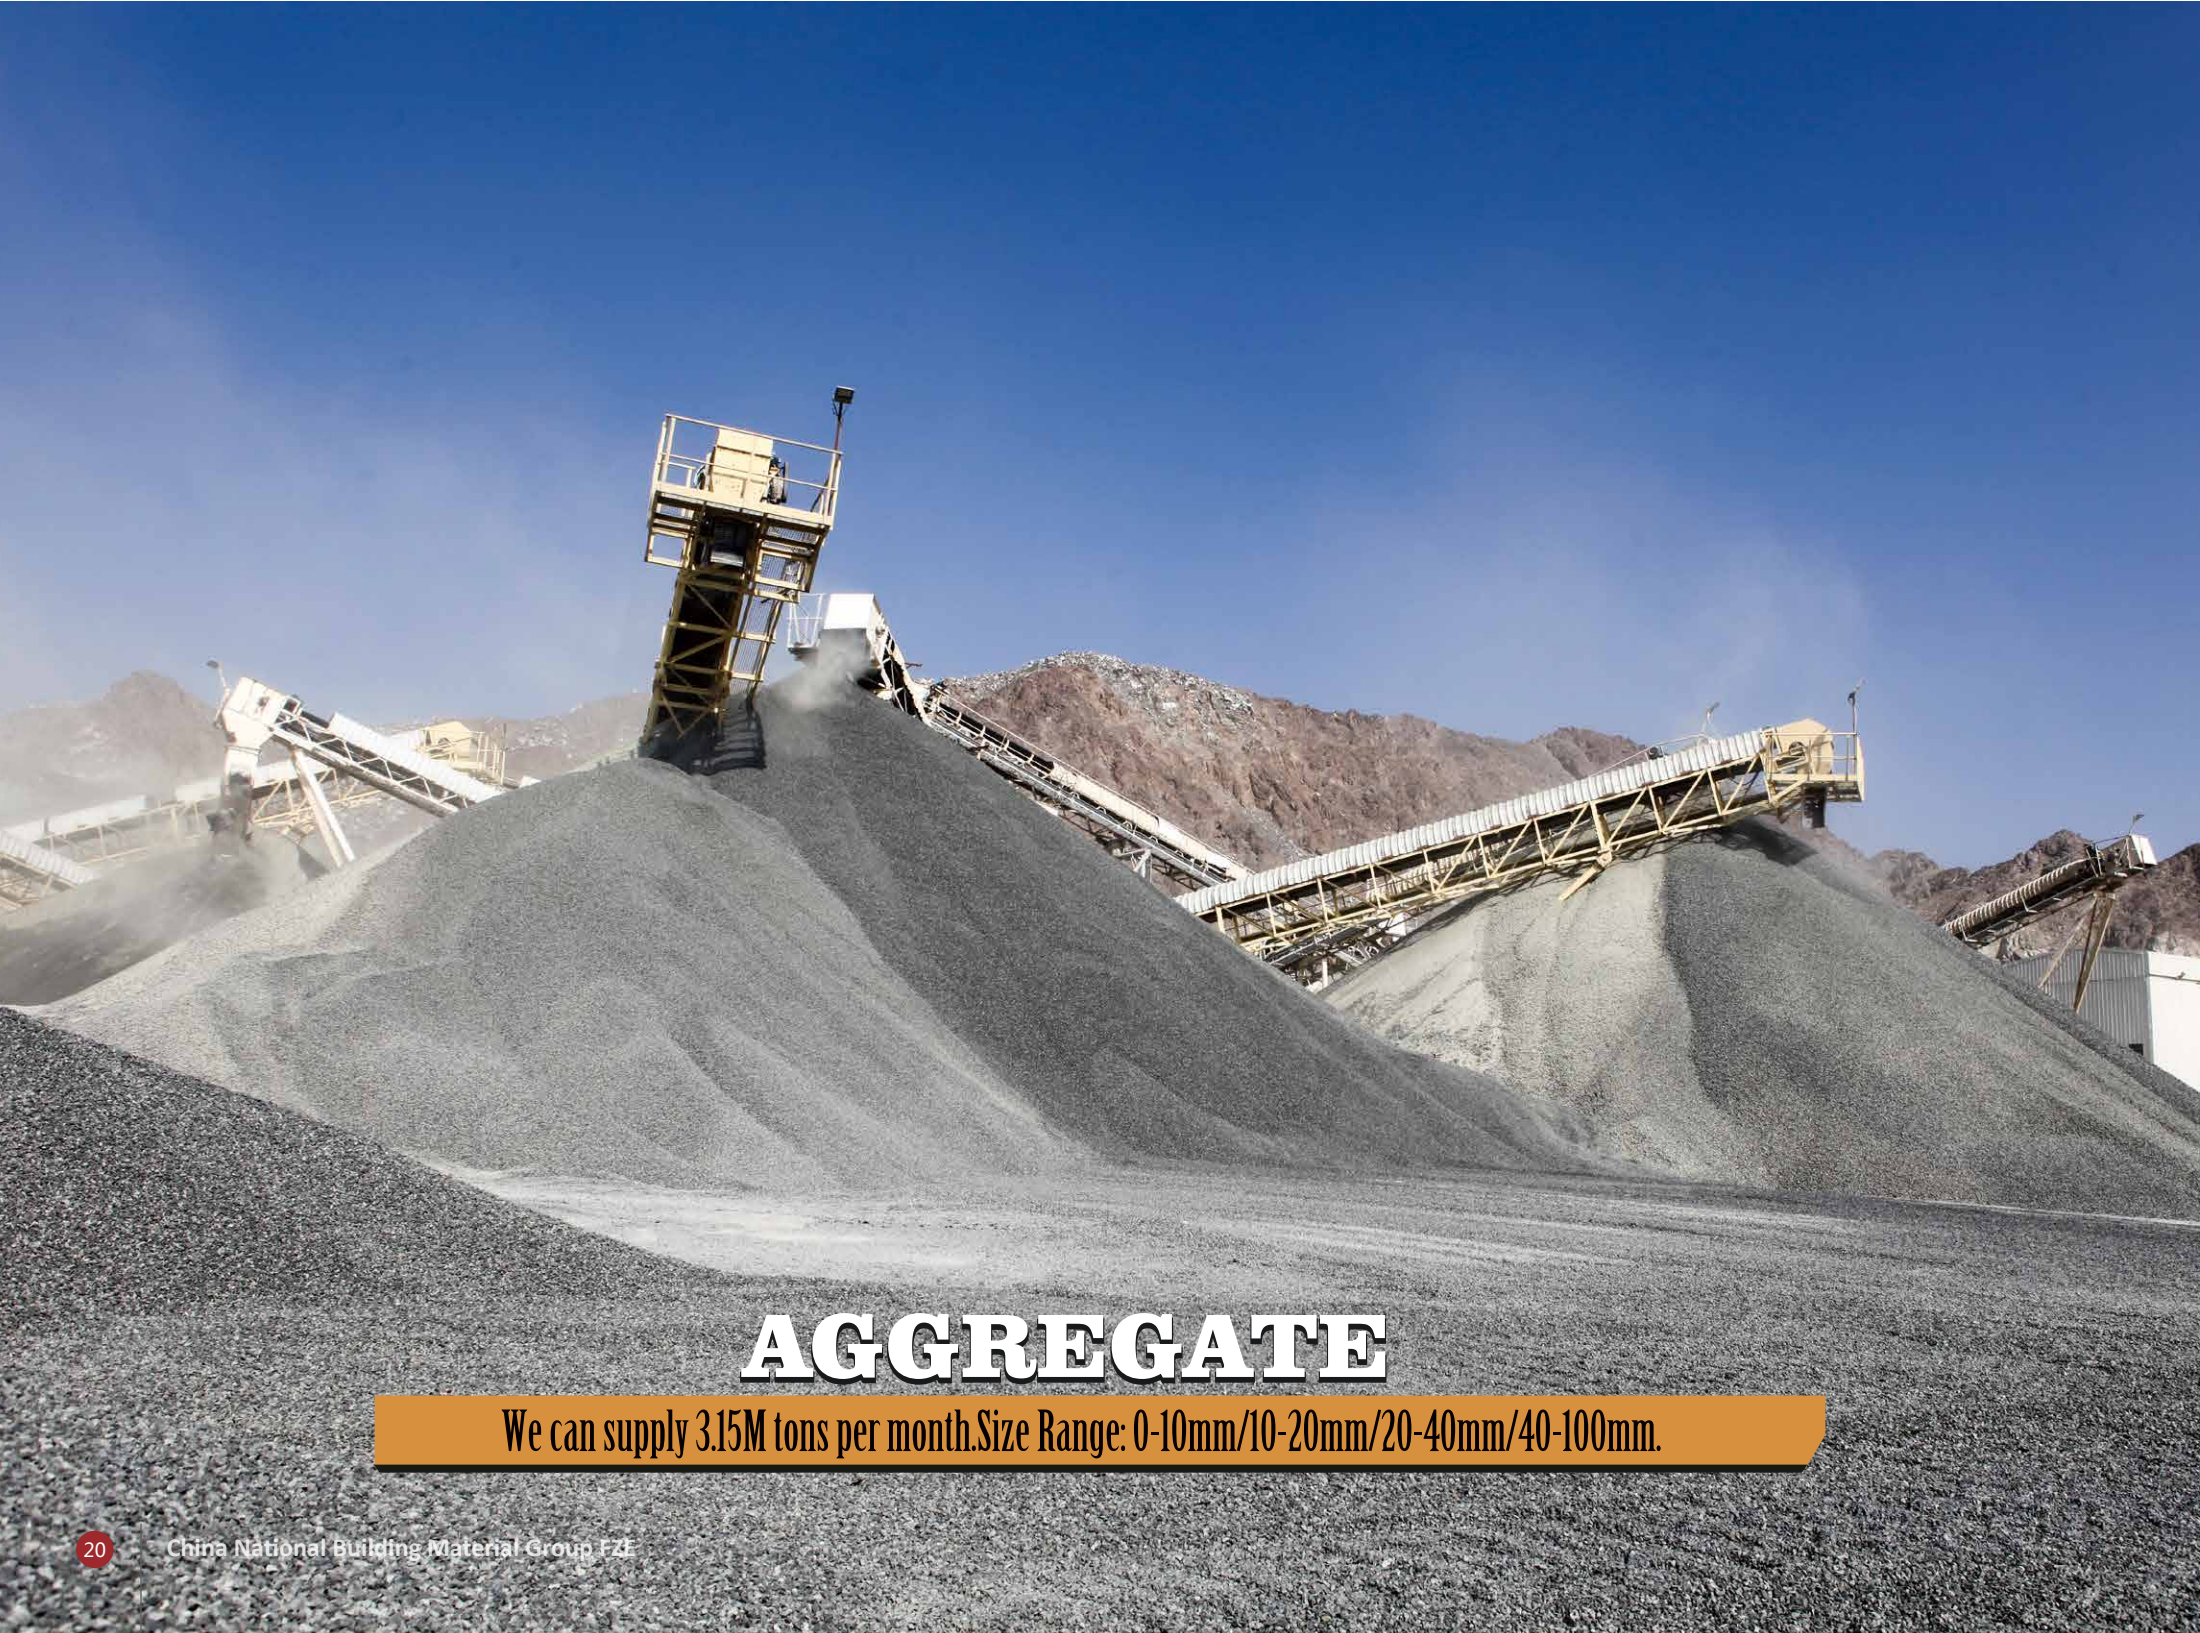

DRILLING FLUIDS AND REFINERY

A leading supplier of drilling fluids and refinery product

PLASTIC PIPE INDUSTRY

More than 60 international certifications, sold in more than 100 countries around the world, and recognized by hundreds of millions of users worldwide

AGGREGATE

We can supply 3.15M tons per month. Size Range: 0-10mm/10-20mm/20-40mm/40-100mm.

PROJECTS

PART OF OUR PARTICIPATED PROJECTS

More than one hundred projects involved by CNBM FZE in infrastructure, residential and industrial field in the MENA region

For more information, log on to www.sinopro.ae

PROJECT : AL TAWEELAH SEAWATER DESALINATION PLANT

EPC Contractor: SEPCO III

Total Tender value: USD 1.2B Address : Taweelah Power & Water complex, Abu Dhabi

Supplied Materials: Structure steel, Scaffolding, Deformed steel bar, Wood, Concrete machinery

PROJECT : ETIHAD RAIL PHASE II PROJECT

EPC Contractor: CSCEC+SKEC

Total Tender value: Section A 1.21 million tons Address : Abu Dhabi Ghufeifat to Ruwais

Supplied Materials: Ballast The planned ballast of section A (railway gravel) will be shipped in batches.

PROJECT : KHALIFA PORT CONTAINER TERMINAL 2

EPC Contractor : China Harbour Engineering Company

Total Tender value: USD 1.08B Address : Khalifa Port, Abu Dhabi

Supplied Materials: Deformed steel bar, structure steel, wood, scaffolding , steel fabrication

PROJECT : HALFAYA IRAQ

Developed by: CNPC Reserves: 4.1 billion barrels of oil

Address: Maysan governorate in the south-east of Iraq, 35 kilometres south-east of Amarah city

Supplied Materials: Downhole Tools, Completion Tools, Drilling Equipment, Petroleum Casing Pipe and so on.

PROJECT : KUWAIT UNIVERSITY – SUPPORT FACILITIES

EPC Contractor: CSCEC KUWAIT

Total Tender value: 1690 MILLION AED Address : SAFAT KUWAIT

Supplied Materials: Tower crane, Passenger hoist, Wood, Scaffolding , Generators

An aerial night-time photograph of the Expo Village project. The central feature is a large, illuminated, dome-shaped structure with a complex, crystalline facade. Surrounding this central hub are various other buildings, some with blue and green lighting, and several large, circular pools or fountains. The entire area is surrounded by a dense network of roads and parking lots. In the background, a city skyline is visible under a dark sky filled with numerous colorful fireworks exploding. A semi-transparent black box with a red border is overlaid on the upper left portion of the image, containing project details.

PROJECT : EXPO VILLAGE

EPC Contractor : China State Construction Engineering Corporation (Middle East)

Total Tender value: US\$140 Million Address : Plot No 17 (Block D) at Down Town Fujairah

Supplied Materials: Wood, Scaffolding, Electrical cables, Gypsum boards, Diesel

PROJECT : MOHAMED BIN RASHID SOLAR PARK

EPC Contractor : Shanghai Electric Group

Total Tender value: AED 148,000,000,000. Address : Al Qudrah, Dubai

Supplied Materials: Steel pipes, Structure steel, Thermal insulation materials, Scaffolding, Wood, Bare copper cables

PROJECT : NEW N'DJILI/ KINSHASA INTERNATIONAL AIRPORT CONGO(KING)

EPC Contractor: Weihai International Economic & Technical Cooperative Co., LTD

Total Tender value: USD 0.35 B Address : Location at Kinshasa ,Congo(King)

Supplied Materials: Grease, Engine Oil, Hydraulic Oil, Heat Transfer Fluid etc.
